MEMORANDUM FOR: Chief, Plans & Programs Staff, OL

25X1 FROM:

[REDACTED]
Chief, Plans & Programs Staff, OL

SUBJECT: Guide to Logistics Field Support (U)

REFERENCE: Multi-Addressee Memorandum from C/P&PS/OL
Dated 3 Aug 82, Same Subject (OL 2 3493)

1. While not particularly well equipped to comment on the substance of the subject document, it is well organized and indexed and is easily read. (U)

2. The major problem from the writer's viewpoint is cover and security. The current document wording compromises CRYPTS. Incorporating a section on safehouses is technically desirable but represents a significant operational security risk. (C)

3. It is strongly recommended that the final version of the Guide be coordinated with the DO. (U)
